Ashanti School for the Deaf

The ASD is a boarding school for which the Ghanaian government pays salaries and provides essential educational resources. SOKPO helps to improve the living conditions of the students through the provision of activities related to opportunities for the further education of the students, their leisure time and the improvement of the school environs and facilities. An overview of the projects we supported in the past years.

- 2018: purchase of cornmill, painting of guesthouse and dining hall, purchase of tables and chairs and fans dining hall, construction of new hen house, repairs on boys dormatory, kitchen and old hen house;
- Annually: paying school fees for 10 students, filling gastank, milk powder donation, donation of extra meat, rice and drinks for public holiday diners.
- 2017: sponsoring of basketball court renewal and concrete table tennis table, donation of football shoes, TV girls dormatory, washing lines, repairs on kitchen, guesthouse and dining hall, renovation of toilet building and maintenance of emergency power unit;
- 2016: donation of football shoes and outfits, repair of water pump, purchase of playground equipment and sports equipment;
- 2015: donation of computers and sportswear, construction of motherhouse

Job Creation and Training Centre

The job Creation and Training Centre (JCTC) for the deaf in Kumasi was established jointly by SOKPO and a number of local organisations and individuals. The aim of the centre is to improve the living conditions of deaf and hearing impaired young people. An overview of the development of the centre in the past years:

- 2018: donation of hearing aids, windows meeting hall, additional sewing and embroidery machine, trainee sponsoring, start of catering workshop;
- 2017: finishing of and furnishing of the workshops, furnishing of office, guestroom and bedrooms, landscaping of the centre plot, security lighting, commissioning of sewing workshop by 5 trainees;
- 2016: construction of the main building with workshops, office space and sleeping facilities, painting of the meeting hall and main building, donation of carpentering tools and hearing aids;
- 2015: construction of the toilet block with 6 toilets and 2 showers;
- 2014: construction and opening of the Meeting Hall;
- 2013: commissioning wood workshop by 3 trainees;
- 2012: two containers placed for a sewing and a carpentering workshop;
- 2011: Selection of a plot in Kumasi to build the training centre.
